

Girls vs Boys

Some people think that girls are smarter boy are. My opinion boys are smart thine girls . My first reason Einstein was the smart person. My reason they are more fams mans. Thrid reason when boy get the money girls spend.

My first reason Einstein was smartest person in the world . They are more smart men in the old days and it was hard to study in the old days because they were not that much tinolang and we do we more men than women in scientist .

My second reason are more famous man in the world. In can think of a lot of famous and girls not a a lot famous girl . I have uncle that he famous and he smart . Are a lot of famous people are smart .

My last reason boy get the money and the girls spend it . My step dad he work and get the money and my mom begs for the money and my step dad gave my mom the money and the next day it is all gone.

So don't go we the girls and go we the boys . You must go we the boys and not the girls.
